

# Liberty Utilities®

## Update to Senior Low Income Discount

---

Liberty Utilities offers a discount to senior citizens (customers 65 and older) that have household income below a certain level. In August, the income threshold was increased to \$25,520 and, going forward, this figure will be adjusted annually for inflation.

Gas service must be in the name of the qualifying person and that person must live at the service address. If you think this change will make you eligible for this discount, please call us at 1-855-216-6305.
